

FIXED ASSETS

Flexx *Fixed Assets* tracks your assets and supplies complete information for tax purposes and amortization planning. Flexx *Fixed Assets* posts directly to *General Ledger*, handling depreciation and historical capital cost allowances. Features include:

- ▲ Calculation of depreciation—MACRS, ACRS, SOYD, DDB and Straight Line.
- ▲ Capital gain/loss calculations with disposal handling.
- ▲ Multiple tracking of assets—external and internal books.
- ▲ Full audit trail of activity with ability to store notes.
